

Shimshal Trust Newsletter

February 3rd 2012

Thanks to the many people who have donated money to help Shenaz get the treatment she needs for her polio-related health problems. We have collected nearly half the money we need – nearly \$2500 – due to the Wellington Pakistan meetings at Brandon street and many individuals who have donated generously.

One exceptional donor has offered to double any money we collect, so if we were able to raise another \$500, the doubled amount would be basically enough for Shenaz's treatment. We can always use more, as she also needs travel expenses and money for a stay in Karachi of several months.

If you have good health and mobility, then please help this responsible and determined young woman to lead a more comfortable and independent life. Please

send any donations you intended to send, but never got round to it, or add (if you can) to what you have already given.
